FOUR STREETS TO BE PAVED

Town Council Adopts Ordinance for
Street Paving. Eliminates York
Street for the Present. Tax Rate
Raised. Lincoln Way Committee.

The town council at an adjourned
meeting on Wednesday evening accepted
unanimously an ordinance providing
for the paving of the following
streets, the first square on Baltimore
street, the first square on Chambers-
burg street, the square on Washing-
ton street from Chambersburg street
to the railroad, and the square on
Carlisle street from Centre Square to
the railroad.

The ordinance will be advertised
according to law and brought up for
final adoption at a meeting to be held
March 18. As only seven votes are re-
quired to pass an ordinance and all of
the seven members present Wednesday
evening were favorable to the measure
it is not likely that there will be any
bitch in putting it through. The
members present at the meeting were
Troost, Butt, Shealer, Koch, Armor,
Keith and Codori.

The report of the Highway Commit-
tee presented last week provided for
the paving of the first square of York
street and did not include the two
blocks leading from the two railroad
stations to the central part of town.
The latter blocks were included be-
cause of the heavy traffic in those sec-
tions of town while York street was
omitted on account of the likelihood of
the Hanover trolley coming within the
next two years. It was stated before
Council that the road would most prob-
ably be built to New Oxford this
summer and to Gettysburg early next
year so as to be ready for the battle
anniversary business.

The franchise granted the Hanover
trolley company several years ago has
expired and they will have to secure
another before entering the town.
Council will be in a position to ask
them to do a large portion of the pav-
ing of York street if they desire to en-
ter that way and then the street can
be paved without danger of its having
to be torn up again as would be the
case if the paving were done now. The
possibility of Middle street being used
for the trolley instead of York street
was brought up but not considered
favorably owing to the street being so
narrow.

Material to be used in the construc-
tion of the streets was not decided
upon and will be taken up at a future
meeting. Possibly bids on several
different kinds will be asked for. The
ordinance as presented calls for one of
the following materials being used
sheet asphalt on concrete base, bitu-
lithic, fibertine, vitrified blocks on
concrete base, cement with bituminous
cover or wood blocks. The ordinance
also provides that the Gettysburg Rail-
way Company shall pave, at its own
expense, that portion of the above
named streets as may be occupied by
it between its rails and two feet out-
side of each rail according to the plans
and specifications adopted by the town
council; and that, in the event of the
failure of the railway company so to
pave its tracks after fourteen days' notice,
the borough shall be authorized to
do the work and collect the proportion-
ate cost from the company.

W. F. Oswald, of the Auburn Shale
Brick Company, discussed at length
various methods of paving pointing out
merits and defects in several different
materials and also in vitrified bricks,
his visit being at invitation of several
members and chiefly for the purpose of
presenting the brick end of the argu-
ment as against the other materials
suggested.

The matter of the gas and water
companies putting their mains in re-
pair or laying new mains was suggest-
ed as necessary before the paving should
be done both to save the streets and to
save the companies the expense they
would incur should this work be left
until after the streets had been con-
structed.

Other matters regarding paving
were also taken up, one of which was
the advisability of renting a lot for
the storage of stone taken off the
streets which could be used for repair-
ing streets in the outlying districts
and thus save the borough the annual
outlay of about \$1000 for crushed stone.

INCREASED TAX RATE

The finance committee presented an
estimate of the expenditures for the
present year and recommended to meet
them that a general tax of five mills
and a special tax of three mills be
laid. This is an increase of one-half
mill in each fund over last year and
makes the borough rate eight instead
of seven mills. It will yield a reve-
nue to the town of \$7418 for the gen-
eral fund and \$4450 for the special
fund. The report of the finance com-
mittee was accepted and an ordinance
will be presented providing for the
rate as stated, to be acted upon in the
manner provided for such legislation.
This is the first time that council has

required an ordinance for laying the
tax.

LINCOLN WAY COMMITTEE
Mr. Keith presented a resolution to
Council providing:

"First, that a Lincoln Way Com-
mittee composed of five persons of the
borough namely, Hon. D. P. McPherson,
J. Frank Hartman, Dorsey Dougherty,
Robert C. Miller and Wm. Arch
McClean, be created for the purpose of
representing the town and taking all
such lawful acts and steps as, in their
judgment, may further the legislation
and passage of the bill in Congress
authorizing the building of the Lin-
coln Way.

"Second that this resolution does
not carry any right or authority to
make the borough of Gettysburg liable
in any way for money or expense by
reason of any acts or steps taken in
pursuance of section one of this resolu-
tion."

Mr. Keith, in presenting the matter,
stated that communications had been
received from Congressman Lafean
telling of opposition the Lincoln Way
plan was going to meet and asking
work from this end to secure support
of the various congressmen and sen-
ators. It was simply to give the local
committee some authority that action
of council was asked. Mr. McClean
also spoke in regard to the matter and
said that a subscription list to provide
funds for the work of the committee
had already reached \$625.00. Council
passed the resolution as presented.

EAST END MATTERS

Mr. Codori, chairman of the high-
way committee, reported on the pro-
posed changes in the east end of town
that the portion of Third Street lying
between the first alley north of York
street at the northern limits of the
right of way of the Western Maryland
Railway Company be vacated; that
Fourth Street be adopted from York
street to the northern limits of the
right of way of the railway to cross
the tracks at grade; that an agree-
ment be entered into by the railway
company and the borough whereby the
borough shall grade the embank-
ments leading to the tracks of that
company and the Western Maryland
Railway Company shall erect and
maintain the crossing to its tracks. It
is understood that the railway com-
pany is ready to accept this proposi-
tion.

Council adjourned to meet Monday
evening, February 19.

BIGHAM-CASHMAN

Elmer M. Bigham and Miss Alma
Cashman were married at Trinity
Lutheran parsonage, Hagerstown, Wed-
nesday morning, by the Rev. Dr. S.
W. Owen.

Mr. Bigham is a son of Mr. and
Mrs. John Bigham, Fairfield. He has
been employed at the Landis Machine
shop, Waynesboro, for the past six
months. Mr. and Mrs. Bigham returned
to Waynesboro immediately after the
ceremony, later going to the bride-
groom's home in Fairfield.

They will return to Waynesboro in
about ten days and take up their resi-
dence in that town.

TONIGHT

Keene, the magician, will be the
attraction at the Wizard this evening.
The Wheeling, W. Va., Intelligencer
says: "Coming to Wheeling an entire-
ly unknown quantity, Keene, who ap-
peared at the Grand in a melange of
magic and mystery, made an impres-
sion that will be lasting and will as-
sure him good audiences and a warm
welcome at any time he may return to
the city. His work last night was
the equal of any of the so-called magi-
cians who has ever been in Wheeling.
The performance was clean and smooth
and, above all else the greater part of
it was new, something that has never
been seen in the city before."

SALE REPORT

The sale of Irvin M. Reynolds in
Cumberland township on Wednesday
was largely attended. The total
amount of the sale was \$1382. The
highest horse brought \$155.00 and the
highest cow \$18.50. Auctioneer Thomp-
son started to call the sale at one
o'clock and finished at three. C. C.
Bream was the clerk.

A SILVER TEA—Every lady in Get-
tysburg is cordially invited to attend a
musical at the home of Mrs. Paul Mar-
tin, Saturday, February 17, from two
o'clock to five o'clock. The object of
this Silver Tea is three-fold, benevo-
lence, social hour, joy of a good deed
well done. The silver offering donated
by those who attend is to be given
to the family of Mr. Samuel
Knox who is critically ill since his
gallant fight to assist Mrs. Steinhour.
It will be many weeks before Mr.
Knox is able to work as his burns are
much more serious than at first sup-
posed. The program promises to be
most pleasing. The arrangement of
this charming function is in the able
hands of some of the younger matrons
and they deserve a large attendance
whether the weather is good or bad
and a generous offering. Everyone is
cordially invited.

FOUL PLAY TALK IS INVESTIGATED

Coroner Woomer Investigates Story
that Body of Elias Steinhour Show-
ed Signs of Foul Play. Inquest
Deemed Unnecessary.

Following rumors that foul play
caused the death of Elias Steinhour at
his home near town Wednesday morn-
ing, Dr. Albert Woomer, coroner of the
county, came to Gettysburg this
morning to make a preliminary inves-
tigation with a view to holding an in-
quest if necessary. After seeing a
number of neighbors, viewing the
body and going thoroughly into the
case Dr. Woomer decided that no cor-
oner's jury need be impaneled and the
matter was dropped.

Rumors were current in Gettysburg
Wednesday afternoon and evening that
the head of the unfortunate man indi-
cated that the rear part of the skull
had been crushed. Coroner Woomer
upon making an examination found
no indications of such injury. It
was also reported that Mr. Steinhour
had considerable money on his person
the day preceding the tragedy much of
which was in silver while he also owned
a silver watch. No trace of these
was found in the ruins.

Coroner Woomer learned from Mr.
Fissel, a neighbor of Mr. Steinhour,
that the latter had very little silver
on his person on Tuesday night when
he called at Mr. Fissel's home. The
metal portion of a purse was found
near the charred body and with it there
evidently burned about \$55.00 in bills
which Mr. Steinhour had after making
a small payment for rent to Mrs. Keck-
ler. Mr. Steinhour told Mr. Fissel
Tuesday night that he intended to go
away on Wednesday and he would
likely have left town for a short stay
had not the tragedy occurred.

Coroner Woomer, in making a search
of the ruins, found the bones of the
burned man's lower limbs and they
were brought to town and placed with
the body. The ruins are still smoking
and a thorough search for the watch
and the silver cannot be made for
several days.

IDAVILLE

Idaville, Feb. 15—There will be no
preaching in the United Brethren
church over Sunday on account of
quarterly meeting being held at Mt.

ness of her granddaughter, Elizabeth
Saul.

Word was received here on Satur-
day of the death of Miss Elmira Hut-
chinson, of Harrisburg. Miss Hutchin-
son was well known, having visited
here quite often. She was aged about
19 years. The funeral was held at
Harrisburg on Tuesday afternoon.

BENEFIT PERFORMANCE

The show at the Wizard Theatre to-
morrow night will be for the benefit of
Samuel Knox, Jr., who was severely
burned last Sunday in trying to save
Mrs. Steinhour's life. All should help
this worthy cause. In order to make
the proceeds as large as possible the
price for adults will be 10 cents,
children 5.

MORSE AND WIFE SAIL FOR EUROPE

Travel Under Alias to Avoid
Publicity.

New York, Feb. 15.—Traveling under assumed names, Charles W. Morse, the banker, whose sentence in a federal penitentiary was commuted by President Taft, and his wife sailed for Europe on board the steamship Kaiserin Augusta Victoria.

They had secretly gone aboard the steamship and had hoped to leave the country without attracting any attention, but their plan was frustrated.

The former banker and his wife occupy the most expensive and luxurious suite on board the ship. It is on the sun deck, starboard side, and is known as suite No. 1, comprising a lounge room, bathroom and bedrooms. The couple were down on the cabin list as Mr. and Mrs. N. H. Campbell.

Before the ship left the pier Mrs. Morse received the newspaper men, but begged that her husband be excused, saying that his physicians had warned him against being interviewed as the excitement attending such an incident might prove harmful.

Despite the fact that Mr. Morse was supposed to be too ill to talk, a glimpse through the door of his suite disclosed him busily engaged in unpacking suit cases and trunks and preparing to make himself as comfortable as possible on the long voyage.

T. R. FRAMES HIS PLATFORM

Will be Announced Feb. 21 at
Columbus, O.

WILL ANSWER GOVERNORS

Colonel Roosevelt May Take This Opportunity to Fire Opening Gun of Progressive Campaign.

New York, Feb. 15.—The platform upon which Theodore Roosevelt will stand for re-election if he is the presidential choice of the Republican national convention at Chicago, was outlined at a conference in which Colonel Roosevelt, Governor Hiram W. Johnson, of California; ex-Senator Elihu Root, of New York; William Nelson, of the Kansas City Star, and E. A. Van Valkenburg, of the Philadelphia North American, took part.

The conference was held at the home of the National Arts club and then put in several hours at the Outlook office editing the speech which Colonel Roosevelt will make before the Ohio constitutional convention in Columbus on Feb. 21, and in which he will make a declaration of his progressive policies.

It is just possible that Colonel Roosevelt may fire the opening gun of the Progressive campaign in the letter in which he will reply to the demand of the conference of Progressive governors, held last Saturday in Chicago, for more light to guide them upon their way, but from what those who talked with Colonel Roosevelt said, it seems probable that the letter to the governors will not be made public until after the Columbus speech.

Oscar Straus, the ex-president's former secretary of commerce and labor, was present during part of the conference, and Gifford Pinchot, the colonel's former chief forester and present political friend; his brother, Amos; Colonel D. A. Collier, of San Diego, Cal.; and Seth Bullock, United States marshal from South Dakota, were among the colonel's callers.

If the conference had as a part of its purpose the securing of the colonel's consent to a definite declaration of his candidacy, it evidently failed in that part, for Mr. Van Valkenburg said later that it would be "principles and not persons" that would figure in the colonel's Columbus speech. He admitted that the greater part of the time during which he and the others were closeted with Mr. Roosevelt had been spent in going over and discussing the various points in the speech. He nodded "yes" when asked if the speech would be an enunciation of Progressive principles. There would be no word in the speech, said Mr. Van Valkenburg, concerning the colonel's position as a possible candidate.

Colonel Collier, who, in addition to looking after the interests of the San Diego Panama exposition, has been sounding the Roosevelt sentiment in thirty-five states, according to his own statement, was more specific than the other visitors concerning the colonel's "platform." It would be satisfactory to the rank and file of the party, but might not please the "extreme radicals," Mr. Collier thought. He added that Mr. Roosevelt, if elected, would not be "as radical as La Follette."

He added that if Colonel Roosevelt was not the choice of the convention he would take the stump for any Democrat except Harmon. "And there are lots of others who feel as I do," said Mr. Collier.

As to Colonel Roosevelt's strength in Pennsylvania, Mr. Van Valkenburg said: "We'll get some delegates," and when asked if he believed with some enthusiasts that Pennsylvania's convention delegation will be made up of at least one-third Roosevelt men, he replied that Pennsylvania has a "pretty good ballot law," and that "the Roosevelt sentiment is very strong, although the machine has control."

3000 Express Rate Law Violations Daily

Washington, Feb. 15.—Although the law provides that express companies shall not depart from their published rates, Commissioner Lane, of the interstate commerce commission, told the house committee on interstate commerce that investigation by committee representatives showed 3000 deviations in one day's business of the Adams Express company. Similar deviations were found in other companies.

Five Arrested as Labor Sluggers.

Cleveland, O., Feb. 15.—Five men were arrested in connection with the murder of Morris Gelbman, a striking garment worker, on statements made by the police, say by Joseph Madorsky and Isadore Benjamin, who were arrested in Cincinnati last week. Fifteen warrants, including those for the men arrested, were issued. Gelbman was beaten to death, it is said, because he refused to hold out.

Thousands Starving in Spain.

Seville, Spain, Feb. 15.—The misery among the people resulting from the floods still prevails, although the authorities are doing their utmost to relieve the conditions. The archbishop of Seville is providing 3200 meals for the people daily. These meals are being served from the palace. The people are patiently bearing their privations, though the sufferings are terrible.

ARIZONA HAS A GOVERNOR

Soldiers and Silk Hats Tabooed at the Inauguration.

Phoenix, Ariz., Feb. 15.—George W. P. Hunt was inaugurated as the first state governor of Arizona.

A few hours earlier word had come by telegraph from Washington that President Taft had signed the proclamation admitting Arizona to the Union, the last of the territories on contiguous soil, and the forty-eighth state.

In the ceremonies attendant upon the birth of the state and the induction into office of its first executive, the military was conspicuous by its absence, the new governor being averse to ostentation. There was but a meager display even of silk hats and frock coats, which invaded Arizona only a few years ago.

MAC FARLAND GETS A STAY

Convicted Wife Murderer Is Granted a Writ of Error.

Trenton, N. J., Feb. 15.—Counsel for Allison M. MacFarland, formerly of Philadelphia, convicted in the Essex county court of wife murder and sentenced to be electrocuted at the state prison here, during the week beginning March 17, appeared in the court of errors and appeals and took out a writ of error, which will serve to stay the electrocution, pending final hearing of the case.

MacFarland was brought to the state prison at Trenton. His counsel said that he would apply to Chief Justice Gummere, at Newark, for an order to have his client returned to the Essex county jail.

GEORGIA'S DELEGATES INSTRUCTED FOR TAFT

Republican State Convention
Indorses Him.

Atlanta, Ga., Feb. 15.—The Republican state convention, in session here, indorsed the administration of President Taft and instructed its delegates to the Chicago convention to cast their votes for his renomination, "first, last and all the time."

Nebraska Roosevelt Men to Meet.

Omaha, Neb., Feb. 15.—Declaring that the delegates to the Progressive Republican meeting at Lincoln last Monday, which chose candidates for electors to go on the primary ballot, had not dealt fairly with the Roosevelt faction of that wing of the Republican party, John O. Yeiser, who headed the petition to put Colonel Roosevelt's name on the primary ballot and who has been regarded as the leader of the movement in Nebraska, issued a call for a state convention of Roosevelt supporters to be held in Omaha, Feb. 22.

It is proposed to select a complete ticket of presidential electors and alternates to the Chicago convention to be voted for at the Republican primary.

Kentucky Committee Indorses Taft.

Louisville, Ky., Feb. 15.—President Taft and his administration were indorsed by the Republican state central committee here. The committee is making arrangements for the district convention, which will name delegates to the state convention to be held in the spring, when delegates to the national convention will be named.

JEFFRIES MAY FIGHT AGAIN

Intimates That He Wants Another Battle With Jack Johnson.

New York, Feb. 15.—In a signed statement wired from Los Angeles James J. Jeffries intimates that he may decide to return to the ring for another battle with Jack Johnson.

Jeffries doesn't hint outright that he will fight again, but hints enough to create the belief that he is seriously thinking of it. Jeffries casually remarks that if he should happen to whip Johnson the public would regard it as a fable.

Blind, She Sees Again.

Ann Arbor, Mich., Feb. 15.—Mrs F. L. Hamilton, of Battle Creek, Mich., who suddenly became blind a week or two ago, while singing in a moving picture show, regained her sight as unexpectedly as she lost it. While waiting in a hotel for her husband, who had gone to the hospital to make arrangements for further treatment, her sight suddenly returned.

Farming

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

Farm and Garden

THE SOY BEAN.

"Greatest Crop Ever Introduced," Says Enthusiastic Tennessee Farmer.

Describing his success with soy beans for enriching the land and producing abundant nutritious feed, a Tennessee farmer writes thus to the Southern Field:

"I grow the Mammoth Yellow variety, planting in rows thirty-six inches apart and cultivating about the same as corn. I cut with a mower when ripe and allow them to lie on the ground for a couple of days. After being in shock for ten days they are hauled to the shed and thrashed. We could

SOY BEANS.

sider the bean straw after the beans are thrashed as fully equal to timothy or redtop for a feed for cattle.

"For late summer pasture I sow with a wheat drill about one and a half bushels to the acre. I am now feeding beef cattle and hogs on soy beans, and my dairy animals are producing more milk than ever before on a bean ration. Of course other feeds are mixed with the bean, as soys are rather rich when fed alone.

"The Mammoth Yellow grows here from three to five feet high, according to cultivation, and yields thirty bushels of seed per acre, which will bring around \$3 to \$3.50 per bushel. There is no finer improver of the soil than the soy bean. I have tried many other legumes, but none has given such uniformly high quality of hay and returned such large amounts of nitrogen to the soil. I consider the soy bean the greatest crop ever introduced into this part of the country both as a money crop and as a soil improver."

About \$100,000 worth of soy bean oil was shipped in 1910 from Manchuria to the United States against almost none the year before. From Hull, England, shipments in 1910 of soy bean oil to the United States amounted to \$140,000. This was crushed from the Manchurian beans. Considerable shipments of soy bean oil were also made in 1910 from Kobe, Japan, to the United States.

TWO SIDES OF ONE PROBLEM.

It is not enough to raise crops and live stock. They must be marketed. When you come to doing this how much easier it is to sell if these crops or stock are of high quality and how much better prices are realized. It really costs but little more to raise good stuff than it does to raise poor, and good stuff sells itself.

Uncle Sam Imports Potatoes.

It would seem that a great country like the United States might be able to raise enough potatoes for its own use, but in 1910 our crop amounted to 338,811,000 bushels, and we imported 1,632,081 bushels. Our crop of 1911 was only 73.8 per cent of the crop of 1910, while the British Isles have had a very short crop, though Germany has had an abundance.

Condemned Cattle.

More than 50,000,000 animals were inspected in the last fiscal year by the United States bureau of animal industry, and more than 1,000,000 carcasses or parts thereof were condemned as unfit for food, according to the annual report of Dr. A. D. Melvin, head of the bureau. Tuberculosis was the cause of most of the condemnations.

Where Cranberries Come From.

The cranberry is a special crop that has been grown on a commercial scale largely in three sections of the country—the Cape Cod district in Massachusetts, the New Jersey district and central Wisconsin. Small marshes in other sections have been reclaimed, but these three districts produce the major part of the commercial crop.

THE WISE FARMER.

There was a man in our town. And he was wondrous wise. He knew that if he wanted crops He'd have to fertilize.

38 ARRESTED IN MANY CITIES

Nation-Wide Haul Made in Dynamite Cases.

FRANK M. RYAN IN CUSTODY

Government Net Against Alleged Conspirators of International Structural Iron Workers Tightens in Many Cities.

Philadelphia, Feb. 15.—The government net in the action against those alleged to have taken part in the great dynamite conspiracy, which destroyed many lives and property worth hundreds of thousands of dollars, tightened in more than a score of cities, and thirty-eight men, all of them connected with the International Structural Iron Workers of America, were arrested.

Among them was Michael J. Cunnane, business agent for the ironworkers' union in Philadelphia, who was placed under \$5000 bail by United States Commissioner Craig to appear March 12 in court in Indianapolis. All the men arrested are under indictment by the federal grand jury in Indianapolis, which has been investigating the evidence laid before it by government agents and by operatives of the Burns detective agency.

In all, it is said, there will be fifty-four arrests. Among the men taken are Frank M. Ryan, national president of the organization, with offices in Indianapolis; John T. Butler, of Buffalo, first vice president, and Robert S. Hockin, of Detroit, second vice president, and since the conviction of the McNamara brothers in Los Angeles, secretary-treasurer of the union in Indianapolis. Ryan and Hockin were held in \$10,000 bail each and the others in \$5000 bail.

No indictments will be served on any of the officers of the American Federation of Labor, but the statement was made that it is not unlikely some of these officers may be subpoenaed as witnesses when the government calls the cases to trial.

The first of the arrests was that of Clarence E. Dowd, in Rochester, N. Y. All the men indicted are alleged to have taken part in the conspiracy in which John J. McNamara, James R. McNamara and Orville McManigal were the leading figures, either by active participation or by aiding these men to transport quantities of dynamite and other explosives from one city to another on railroad trains, in violation of a federal statute.

Cunnane was arrested in the local headquarters of the Machinists' union at 1311 Arch street, Philadelphia, by Deputy United States Marshal Peter D. Helms and Frank L. Garberino, agent for the United States department of justice in Philadelphia.

Another warrant was received by the authorities in Philadelphia for a labor leader, a member of the national executive board of the ironworkers' union, who was last heard of as being in Philadelphia. The federal officers said that the man had been located in a city in another state, and that he probably would be arrested there.

Names of Men Arrested.

The list of men arrested in other cities follows:

Frank M. Ryan, president of the International Association of Bridge and Structural Ironworkers, at Indianapolis, Ind.

Herbert S. Hockin, second vice president of the International Ironworkers, and who succeeded J. J. McNamara as acting secretary-treasurer of the union, at Indianapolis, Ind.

Michael J. Young, member of the executive board, at Boston, Mass.

Frank C. Webb, former member of the executive committee of the International Ironworkers, at New York.

Henry W. Leggettner, member of the executive board of the International Union of Bridge and Structural Ironworkers, at Denver, Colo.

Daniel J. Brophy, former member of the national executive board, at New York.

Richard H. Houlihan, financial secretary of the Chicago Bridge Workers' local, at Chicago.

Charles E. Dowd, business agent of the Machinists' union, at Rochester, N. Y.

Charles W. Wachmeister, iron worker, at Detroit, Mich.

Frank J. Murphy, ironworker, at Detroit, Mich.

E. E. Phillips, former secretary of the Bridge and Structural Ironworkers' union, at Syracuse, N. Y.

Edward Clark, former walking delegate of the International Association of Structural Bridge and Ironworkers' union, at Cincinnati, O.

Ernest G. W. Basy, former business agent of the International Association of Structural Bridge and Ironworkers' union, at Cincinnati, O.

John Barry, former walking delegate of the Bridge and Structural Ironworkers' union, at St. Louis, Mo.

Paul Morrin, who helped raise the defense fund for the McNamara's, at St. Louis, Mo.

John Carroll, at Syracuse, N. Y.

Spurgeon P. Meadows, business agent of the district council of International Brotherhood of Carpenters and Joiners, at Indianapolis, Ind.

James Cooney, business agent of the

Chicago local, Bridge and Structural Ironworkers' union, at Chicago.

James Coughlin, at Chicago.

W. Bert Brum, at Kansas City, Mo.

W. E. Reddin, at Milwaukee, Wis.

Herman G. Seiffert, at Milwaukee, Wis.

William Schoupe, formerly a business agent of local No. 1, of the Chicago Bridge and Structural Ironworkers' union, at Chicago.

Patrick J. Farrell, at New York.

Fred Sherman, local business agent of the International Ironworkers, at Indianapolis, Ind.

Peter J. Smith, former business agent of the International Association of Bridge and Structural Ironworkers, at Cleveland, O.

George Anderson, walking delegate of Machinists' union, at Cleveland, O.

W. J. McCain, business agent of the International Bridge and Structural Ironworkers, at Kansas City, Mo.

M. J. Hannon, former Scranton, Pa., business agent of the International union, and now agent for the Central Labor Union, at Scranton, Pa.

Daniel Bruckley, business agent of the Davenport, Ia., local ironworkers' union, at Davenport, Ia.

Fred Mooney, at Duluth, Minn.

Reports from all over the country showed that five of the seven ironworkers' executive board members and a half dozen former members, were taken into custody.

These officers and their co-defendants are charged with violating the federal statutes regulating interstate shipments of explosives, which resulted from the activities of the McNamara and McManigal "dynamiting crew," who carried dynamite and nitroglycerine about the country in passenger trains.

All the defendants are charged with conspiring to further the series of 100 explosions which were directed by the labor union officials against iron and steel contractors and employers of non-union labor. The explosions caused the destruction of bridges, viaducts and buildings, and the wrecking of the Los Angeles Times building was an incident of the series.

DR. SUN RESIGNS AS PRESIDENT OF CHINA

Yuan Shih Kai to be His Successor.

Shanghai, Feb. 15.—Dr. Sun Yat Sen, the president of the provisional republic, has sent his resignation to the Nankin republican assembly.

Dr. Sun recommends that Yuan Shih Kai, the premier, be appointed to the presidency. The republican party at Nankin has not yet accepted the edict of abdication.

The chief difficulty is over the site of the new capital. The republicans insist on either Nankin or Wuchang, which is opposite Hankow. It is understood that Yuan Shih Kai favors Tien Tsin as the capital.

The Nankin national assembly (Republican) will meet this afternoon, when Yuan Shih Kai will be proposed as the president of the republic. He will probably be elected, although there is some opposition to placing him in the executive position.

ELKS' HOME AS HOSPITAL

Coatesville Lodge Turns Clubhouse Over to State For Emergency Use.

Coatesville, Pa., Feb. 15.—In order that the authorities may more readily cope with the epidemic of typhoid fever now prevailing here, the Coatesville lodge of Elks turned over their clubhouse, in the heart of the town, for use as an emergency hospital.

The vote on the question of devoting the building to hospital purposes was unanimous, and the members at once moved their personal belongings and the authorities took possession, putting Miss Katharine Cieslepe, of the state department of health, in charge. The structure will be filled with patients.

Twenty-five new cases of typhoid were reported and one death. The authorities say they have the epidemic well in hand, and they expect it will diminish from this time forward.

CHIPPED GLASS KILLS MAN

Sticks in Throat as He Swallows and Causes Hemorrhage.

Philadelphia, Feb. 15.—David Barrows, aged eighty-two years, of 3968 Germantown avenue, died at his home as a result of a piece of glass which stuck in his throat, causing internal hemorrhage.

The aged man had been in the habit of drinking a glass of lemonade every evening before retiring. He dropped a piece of ice into the glass and failed to notice that it chipped a small piece from the edge. When he started to swallow the lemonade the glass caught in his throat. The man died before the physician who was summoned arrived.

May Pension Emergency Men.

Washington, Feb. 15.—Senator Penrose introduced a bill to extend the benefits of the general pension law to the various military organizations comprising the Pennsylvania militia, otherwise known as the emergency men, who were called into the service of the United States during the closing days of the Civil War.

BRANDT WAS VICTIM OF PLOT

Police Official Admits Record is Built on Fiction.

HE FAILED TO VERIFY IT

Tells Grand Jury that Report That Valet Had Previous Criminal Record Was False.

New York, Feb. 15.—The complete story of his part in the alleged conspiracy to railroad Pouke E. Brandt, former valet of Mortimer L. Schiff, a banker, to state prison under a thirty-year sentence, was told to the grand jury by Police Lieutenant Joseph B. Woodbridge.

Under the inquisition conducted by Assistant District Attorney Johnstone Woodbridge practically collapsed. Holding to the rail to keep from falling, he admitted that the whole report which he made to the court, in which Brandt was branded with a "previous criminal record," was built upon fiction.

He declared that, so far as he knew, Brandt never had done a wrong act in this country previous to his arrest in the Schiff case upon a burglary charge. He said the supposed facts upon which he based his report to Judge Rosalsky had been presented to him by an employment agency.

The district attorney at once sent for the manager of the employment agency named, but the man declared that he never gave Woodbridge any "criminal record" of Brandt; in fact, he never knew that Brandt had such a record.

After hearing Woodbridge's story, the district attorney adjourned the grand jury and hurried to Justice Gerard with this information. The grand jury investigation will be resumed later, and John Rogers, the private detective employed by Schiff to handle the arrest and prosecution of Brandt, will be the star witness.

District Attorney Whitman is convinced that the evidence given by Woodbridge before the grand jury will lead direct to the instigators of a conspiracy to put Brandt away for a long term. That Woodbridge told much that was permitted to "leak" from the grand jury room is certain. It is believed he told a story which will implicate at least two persons prominently identified with the case.

Woodbridge was on the grill for more than an hour. He told his inquiries that when he was sent out to get a report on the record of Brandt he was not aware it was to be used to send the man to prison.

"I got my information from an employment agency," he said. "I did not take the trouble to verify it."

It was at this point that he broke down and clung to the rail. He told how he had been unable to sleep at nights because of his knowledge of the case.

Governor Dix, at Albany, revoked the designation of Justice James V. Gerard, of New York, as a commissioner to review the application for clemency made by Brandt, and designated Richard L. Hand, of Elizabeth town, as such commissioner.

Mr. Hand informed the governor that he would accept. He said he would come to Albany to begin the investigation. Previously the governor had received a telegram from Justice Gerard expressing the opinion that he could not serve as commissioner because of a constitutional prohibition.

EXCHANGE VALENTINES

Comic Passes Between Men For the Twenty-fifth Year.

Wilkes-Barre, Pa., Feb. 15.—Samuel Ames, court stenographer, sent to City Clerk Fred Gates a valentine which he received, which has been exchanged annually between the two men for the past twenty-five years.

The valentine is of the comic variety, and was first sent by Ames and Gates to the late John Horton twenty-five years ago. When he died the valentine was returned to Gates, and on the following St. Valentine's Day he sent it to Ames.

The year following Ames returned it, and since then the valentine has made its annual trip through the mails.

Each year a verse is added. The paper is beginning to show signs of age, but the writing is still legible and may be read easily.

THE BLACK TURKEY.

The Black turkey, once numerous, is seldom seen in large numbers and is mostly restricted to the south and west, this variety often being found mixed in carload shipments sent north and east at Christmas time.

The Black fell back because its raisers neglected the principles of breeding. It was so closely inbred that it deteriorated into a small, delicate bird, hard to raise and unpopular for size. Many died off.

The Bronze took leadership, and the White Holland won the place for a medium sized turkey.

Veteran fanciers remember the early Black as a good sized, well rounded, delicious turkey, and they will be pleased to know that turkey enthusiasts are crossing it with the Bronze to give size and stamina and are now booming this valuable variety.

This turkey when prime is just the size to fit the capacity of the ordinary family and has the yellowest skin of all the turkey tribe, a market fad of American poultry buyers.

The pure bred has lustrous, greenish black plumage, dark shanks, feet and bill. It matures early and reaches a prime, pretty, round, yellow carcass just in time for the Thanksgiving feast.

Don't depend on leaves for scratching material. The hens soon scratch them to dust.

Don't buy a stack of corn unless you have a well ventilated place to store it. It will mold.

Don't forget that success with poultry depends on the quality of the fowls and their care more than on the size of the flock.

Don't get discouraged if those pullets don't lay right on the day you set. Some grow fast, some grow slow and before they lay must mature, you know.

Don't despise oats as a grain because of its husks. It is the best balanced grain in protein and carbohydrates and is a wonderful frame builder and muscle maker.

Don't get so fascinated with birds at the show as to forget that many show birds are the result of the ridiculous double mating system and when mated cannot produce their kind.

Ask Your Neighbor

Hundreds of Gettysburg Citizens Can Tell You all About It.

Home endorsement, the public expression of Gettysburg people, should be evidence beyond dispute for every Gettysburg reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far away places. Read the following:

Mrs. Frank Tawney, 28 Breckenridge street, Gettysburg, Pa., says: Doan's Kidney Pills have been used in my family with excellent results. I publicly endorsed them two years ago and hold just as high an opinion of them at this time. A member of my family was afflicted with kidney trouble for years and probably inherited it. This person suffered a great deal from pains in his back and sides and was unable to control the kidney secretions. A cold always aggravated the complaint. When I saw Doan's Kidney Pills advertised, I procured a box at the People's Drug Store and their use effected a complete cure."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
